## AM I INCLUDED IN THE SHARED RESPONSIBILITY FOR DATA MANAGEMENT?

➤ Yes, if you are a researcher, data scientist, data manager, investigator, research assistant, graduate student, information technology expert, informationist, research librarian, or a combination of these professionals.

## WHERE SHOULD I STORE MY RESEARCH DATA?

➤ Generally, published and deposited research data require an online description (metadata) and should be findable, accessible, interoperable, and reusable via the platform provided.

## HOW DO I SUBMIT MY RESEARCH DATA FILES?

➤ To begin, register your name in the UTM RDM system, and our librarian will guide you through the process of easily self-depositing your research data.
