

How to download full-text thesis from PQDT

The screenshot shows a web browser window displaying the ProQuest Dissertations & Theses Global interface. The browser's address bar shows the URL: <https://search-proquest-com.ezproxy.utm.my/pqdtglobal/docview/1317627063/D8EAE173D2143ECPQ/3?...>. The page title is "ProQuest Dissertations & Theses Global". The breadcrumb navigation shows "All databases > Multidisciplinary databases > ProQuest Dissertations & Theses Global | Change databases". The main heading is "ProQuest Dissertations & Theses Global" with sub-links for "Basic Search", "Advanced Search", "Browse", and "About".

The search results show a document titled "Democratizing nanotechnology: The Nanoscale Informal Science Education Network and the meaning of civic education" by Vignone, Kathryn Dushane. The document is from Cornell University, ProQuest Dissertations Publishing, 2013, with ID 3536843. There are 165 references listed.

A red box highlights the "Download PDF" button, and a red arrow points to it from a text box that says "Right click and choose 'Open in new tab/window'". A context menu is open over the button, showing options: "Download PDF", "Open link in new tab", "Open link in new window", "Open link in incognito window", "Save link as...", "Copy link address", and "Inspect".

At the bottom of the page, there is a footer for "Perpustakaan Sultanah Zanariah".
